from care to career

Catalogue

The Eve Brook Scholarship Fund was founded by Eve Brook, a former Birmingham City Councillor and Chair of Social Services, who died of cancer in 1998 at the age of 53.

The Eve Brook Scholarship Fund exists to celebrate the achievement of young people who've been in care, by giving them help to go to a college or university. It is specifically aimed at 16-25 year olds who are, or have been, looked after by Birmingham City Council.
